

Reinforcing Textile Grid

WL-LL 295 – SK / self-adhesive

Art.-Nr. 023-03-01-3211

- reinforcing
- universally applicable
- self-adhesive
- high tear resistance

Forma di consegna:
Consumo:

Rotolo
circa 140 g/m²

Fields of application:

The reinforcing textile mesh is shift-resistant, highly alkali-resistant, alcohol-resistant, waterproof and finishable. It can be used indoors and outdoors. The mesh is white and has a mesh size of 15 x 13 mm.

Technical data:

Finished weight:	140 g/m ² / +- 5% / DIN EN 12127
Colour:	whitw or blue
Finishing layer:	22 g/m ² / +-5% / DIN EN 12127
Clear mesh size:	15 x 13 mm
Tensile strength:	1950 N/5 cm
Coating type:	SBR - latex
Elongation:	3,8 %
Thickness:	2-3 mm
Binding:	Turner / DIN 61101-1
Storage:	frost-free, closed packages
